### COLLEGE OF ENGINEERING RECEIVES MAJOR GIFT, NEW NAME.

For 128 years, the University of Utah's College of Engineering has been the state's premier research and educational institution for engineering and computer science. Today, the college receives a major boost.

### Ogden City Council approves bonds for \$117.5M 'WonderBlock,' including paid parking system

The WonderBlock is a five-acre redevelopment of the former Hostess factory on 26th Street that was demolished in 2018. It will include residential dwellings, retail, office services, food and beverage and hospitality, according to Ogden City's website.

### Streetcar through Sugar House and South Salt Lake has spurred up to \$2B in economic growth

S-Line is driving big-time development, but is it easing traffic?

### Developers unveil details for latest master planned block near Downtown

The developers behind the Post District expanding their footprint to the west have released new details for a proposal called the Silos.

### Up to 5,000 new student housing units to be built in public-private partnership

The University of Utah is embarking on an effort to transform its 170-year-old campus by doubling on-campus housing—adding 5,000 new student beds by 2030. To reach that goal, the university will launch a public-private partnership, also known as a P3, with a company that can design, finance, build and maintain the new student housing.
