### FALL BACK TONIGHT!

### What will happen to high-profile construction in Salt Lake City as contractor Makers Line goes silent?

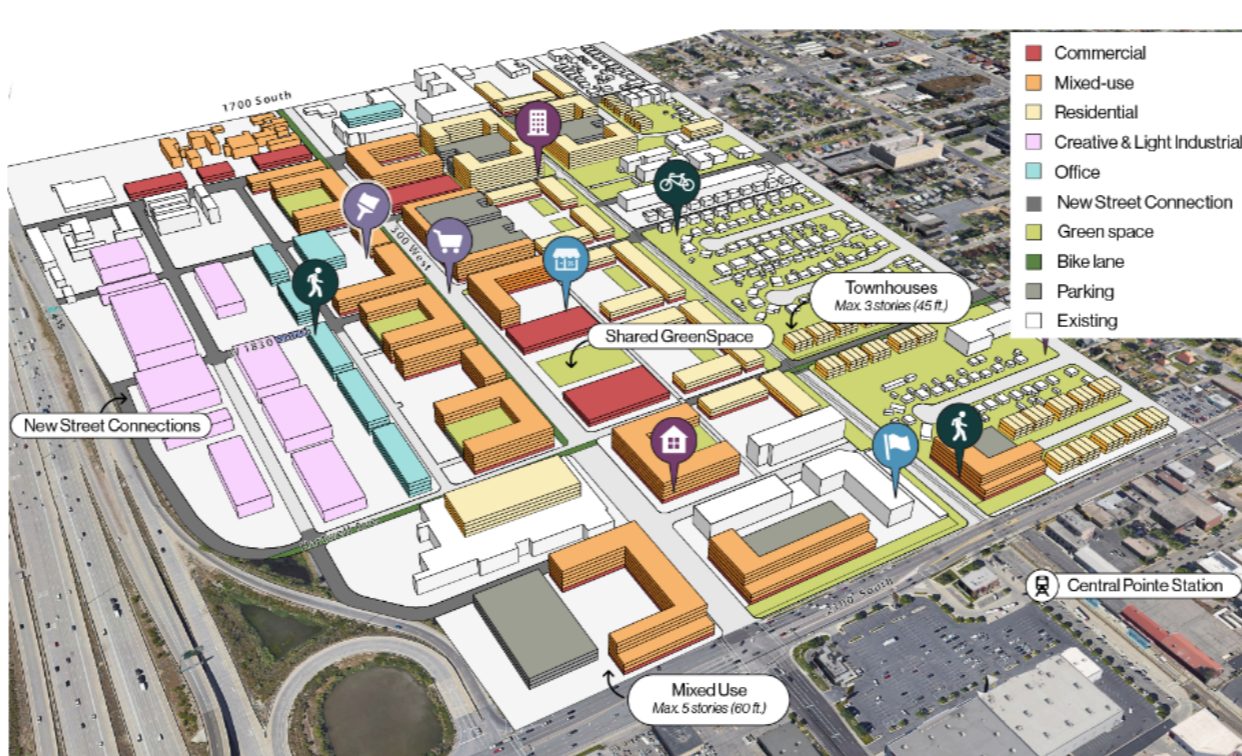

Some building projects in Salt Lake City and Ogden are in limbo, as subcontractors say they haven't been paid for their work.

### Texas Instruments breaks ground on 'greatest single economic investment' in Utah history

Texas Instruments on Thursday broke ground on its new \$11 billion, 300-mm semiconductor wafer fabrication plant in northern Utah County.

### City releases options for 300 West corridor between 1700 and 2100 South

Besides the rezone proposal for the area around the TRAX station at 1300 South currently moving through city hall, this week the Planning Division released two scenarios that have arisen out of its 300 West Corridor and Central Pointe Station Area Plan process - which addresses the area between 1700 and 2100 South.

### Utah's Black Desert Resort Is The Most Intriguing New Stop In Pro Golf

It's not often a public golf course lands a professional event as it first opens for play. It's downright unprecedented to be tabbed as the host of both a PGA Tour event and an LPGA tournament immediately upon its debut, but that's the case with one of the most intriguing new golf destinations in the game.

### 9 Out Of 10 Maturing Office CMBS Loans Defaulted In September

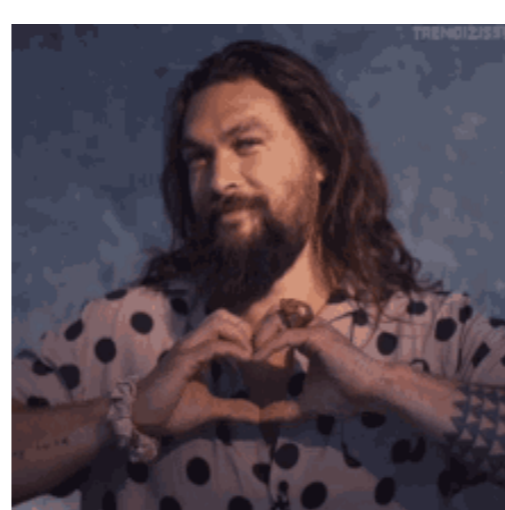

Some 88.9% of CMBS loans associated with office properties defaulted at their maturity in September, while 11.1% were paid off during the month and none were extended or modified, according to Moody's Analytics.
